THE REDCLIFF REVIEW, THURSDAY, JAN. 15th., 1931

Number 21

Council Makes Plans For Town Election

Wm. Henderson is Appointed The Returning Officer.

A regular session of the Town Council was held last Monday evening. Mayor Works was in the chair and Councillors Shaw, Dacre, Cox and Champ present.

After the reading and adoption of the minutes routine business was disposed of to hear from Mr. Wm. Gray who was present to wait on council, in connection with the old Roth well which was drilled in town. Mr. Gray explained that this was a test well in which Mr. Roth had spent considerable money and since no revenue was being received from this well, he thought it should be exempt from taxes.

A letter was read from the utility commission stating:

That town continue to assess property as in the past. The commission pointed out that where the fee simple is the name of one party and the improvements in another it is not satisfactory and it was hoped that any question of right of the town to assess such property will be cleared up by an amendment to the Town Act at the next session of the legislature.

Council decided to leave the matter in abeyance for present.

A letter was read from the Dept. of Public Works stating that petition for main highway through town had been received and that no definite action would be taken by the Dept. until a thorough investigation had been made.

A petition was read from 25 ratepayers in the southeast of town stating that a dog owned by E. Bailey was a nuisance and danger to the public and asking that council force the owner of the dog to keep it under control.

On motion of Councillors Shaw and Dacre the town Constable was instructed to notify Mr. Bailey to keep his dog under control.

Two applications for relief were read. These were referred to the relief committee for investigation.

The firemen's insurance was discontinued as firemen are protected by the Workmen's Compensation Act.

A bylaw appointing Wm. Henderson as returning officer for municipal election to be held on February 9th was given its several readings and passed.

The secretary was instructed to engage Cliff Hall for the ratepayers annual meeting to be held on Friday, Jan. 30th.

The usual monthly accounts were approved for payment.

The secretary was instructed to dispose of chairs at the late John Evans by sale and that same be advertised.

Wm. Smith wrote council offering \$40. for house on First St. opposite his home. The offer was accepted.

Annual Meeting of St. Ambrose Church

Reports Show All Branches Are In Good Condition.

The Annual General Meeting of the congregation of St. Ambrose Church was held in the Parish Hall on Thursday evening, Jan. 8 and was attended by a representative gathering of Parishioners. Reports covering the activities of the various Church organizations were presented and satisfactory accomplishments were appointed and elected for the ensuing year.

Gordon Memorial Holds Annual Meeting

Meets Obligations for Year and Has Balance.

The Annual Congregational Meeting of Gordon Memorial Church was held on Tuesday, Jan. 13th. Reports were received from the Session, Stewards, Sunday School, Senior and Intermediate C. G. I. T. Groups, Trail Rangers, Explorers Ladies Aid, W. M. Society, Mission Band, Junior Choir and Cradle Roll. All these reports were of a high order and indicated a virile condition in the life and work of the various organizations of the Church.

The financial report showed receipts for the General Fund of \$2148.25 making with the balance of \$49.97 a total of \$2198.22. Disbursements were \$2179.94—leaving a balance of \$118.28. Receipt for the M. & M. Fund were \$274.31 making with the balance of \$16.01 a total of \$290.32. All current obligations were met, excepting a balance of \$52.00 for the M. & M. Fund which will be paid before January 31st.

The membership was increased by one making 114 members of whom 85 are resident and 29 are non-resident.

The Sunday School which has an enrolment of over 100 members received \$348.45 making with a balance of \$87.87 a total of \$436.32. It paid its own way and contributed one half of the M. of M. allocation.

Mr. A. N. Collard was continued as Congregational Secretary.

Wm. Henderson, H. G. Sheasby, H. M. Sangster, retiring Stewards were re-elected for a further term of three years, and the number of Stewards was increased to 12 by the election of Mr. C. T. Hall, Mrs. A. J. Learmonth and Mrs. H. Champ.

Mrs. E. H. Selhorn and Mrs. J. Kitchin were re-elected as representatives to the Red Cross Society. Rev. R. Erskine Poir who became pastor in July acted as Chairman and the report of fellowship prevailed throughout.

A vote of thanks was ordered to Mr. and Mrs. Thos. W. Knight of Medicine Hat for the gift of a piano stool.

The climax of the meeting came in a hearty vote of congratulation to Mr. Wm. Henderson on reaching his 50th year, and the presentation to him by the Ladies Aid of a birthday cake and to Mrs. Henderson a bouquet of flowers. Mr. Henderson made a spirited reply, and touched all hearts as he paid his tribute to the value of the life and work of the Church.

With the serving of refreshments by the ladies, the meeting was brought to a fitting close.

Vicars Warden—Mr. A. E. Sanderson.

Peoples Warden—Mr. W. Hill. Vestry—Messrs. H. Johnson, K. Johnson, J. Leveson, B. Carr, W. Champ, A. E. Shaw, H. Bardell, E. C. Newham, H. Leppard and G. Myers.

Delegates to Synod.—Mr. A. E. Sanderson and Mr. H. Johnson.

Substitute Delegates to Synod.—Mr. K. Johnson & Mr. A. E. Shaw.

Delegates to Red Cross.—Mrs. H. Cox & Mrs. A. R. Ballantyne.

At the close of the meeting the Vicar on behalf of the Congregation made a presentation to Mr. and Mrs. H. Cox in recognition of their valuable services during the year in Organists. In the absence of Mr. Cox, Mrs. Cox gracefully acknowledged the tribute which was then served by the Ladies of the W. A.

Canadian Women To Make a Presentation

To Lady Willington on Eve of Her Departure.

On the termination of the Governor General of Canada's term of office it has been customary for the women of Canada to present to the departing Lady of Rideau Hall some fitting memento of her life among us.

No doubt, the desire to do this will be particularly strong in the case of Lady Willington who has shown such sincere interest in the women of Canada and who is personally known to so many Canadian women, even in the most remote parts of our province.

With this in view, a committee has been formed in Ottawa under the direction of Miss Mildred Bennett with Lady Borden as Treasurer.

Mrs. Egbert and Mrs. Brownlee have been asked to take charge of the collection of the fund in this Province. They realize that owing to conditions, women may not be able to contribute what they would wish but would like to emphasize that any small amount will show a kindly spirit and interest and will be appreciated.

Will you please send subscriptions to reach Government House Edmonton, not later than January 20th and payable to either Mrs. Egbert or Mrs. Brownlee. Acknowledgement of all subscription will be forwarded from Government House, Edmonton, and a full list of contributions will be sent the National Committee. Remittances should be made by marked cheque or money order.

Glassworkers' Ball Was Great Success

Report was Crowded out of Our Last Issue.

It is rather unfortunate just before going to Press last week, last minute advertising coming in made it necessary for us to slack-track some local news.

Among this was our report of

Pioneer of District Died Last Sunday

Jesse Bishop, Rancher of the Box Springs District.

Mr. Jesse Bishop, a real pioneer of this district, passed away in Medicine Hat last Sunday.

There was probably no better known or so more popular man in this district than was the late Jesse Bishop. Deceased came to Canada from England when in his teens. He came to Alberta on arrival of the steamers and secured employment with the old 76 ranch at Nanaima. This was over forty years ago. From Nanaima he came to the Stair Ranch just west of town where he worked for Mr. John Ellis who was then manager of the ranch. When still a young man he took up land along the river in the Box Springs district and for several years he was one of the most extensive farmers and ranchers of that district. When well established he married Miss Brown of Queensland. To them were born two children, Bill and Winifred who with their mother, still survive.

Deceased was 69 years of age. The funeral took place in Medicine Hat last Tuesday afternoon and was largely attended by a number from all parts of the province.

The Glassworkers' Annual Ball which was held in Cliff Hall on New Year's Eve.

The Ball was well patronized and the program for the evening was in keeping with the high standard set by the glassworkers in years gone by.

During the evening several very good events were introduced which added much to the interest and excitement of the evening.

On the whole the annual event was a great success and the committee in charge are deserving of great praise and credit for the very able manner in which the evening's program was conducted.

How is Your Subscription?

Time To Look Around For Town Officials

Variances on Council and School Board.

By reading the report of the last council meeting ratepayers will be reminded that the time for the annual municipal election is drawing near. It should also be a reminder for them to start casting around for candidates to fill the vacancies which automatically occur on both the Council and the School Board.

In the council Messrs. Cox, Campbell and Dacre are the retiring councillors. Messrs. Cox and Campbell have signified their intention of withdrawing from the contest when their term is finished, and councillor Brydell informed the Review that it is his intention to resign from the council at the end of this year. Unless they change their mind in the mean time it will mean that three new councillors will have to be elected; two for a two year term and one to fill out one year of Mr. Brydell's unexpired term.

On the School Board Messrs. Sanderson and Dodge are the retiring trustees. Both have gained considerable experience in school business during their term of office and an effort should be made to induce them to retain office.

It is hoped that ratepayers will not leave it to the last minute to choose candidates and then have to scurry around to get signatures. Pick your candidates early and see that they are on hand to sign nomination papers.

The Ladies Aid of Gordon Memorial Church will hold their annual Burns' night in the School room of the Church on Friday evening, Jan. 23rd. The event this year will take the form of a musical program suitable for the occasion in which a number of talented artists will take part. The program will commence at 8 o'clock. Admission adults 35c; Children 15c at the door. An increase for 10c extended to all to attend.

Ladies' Auxiliary Have A Successful Social

Was Held in Cliff Hall Last Friday Evening.

Cliff Hall was the scene of a Jolly gathering last Friday evening for the Whist drive and dance put on by the Ladies Auxiliary to the local Legion.

There was a splendid attendance and it was found that Mrs. N. Dacre won first prize and Miss E. Fry, playing as a gent, won the girls' first. Mrs. Joe Podesta won ladies' second. Mrs. M. McChary gets second. Mrs. M. McChary won the ladies prize for the most greens and W. Yates the most reds. Mrs. E. Cox won the girls' first. In the cut Mrs. Yates won but he gave the prize to Mrs. Cox.

The spot prize was won by Miss Isabel McFadden, and her partner and the winning competition was won by Mrs. Geo. McKay and Mr. J. Levine.

At midnight an excellent lunch provided by the ladies was served. On the whole a most enjoyable evening was spent and the ladies added a nice sum to their funds as a result of the event.

On Sing of the Club Cafe, presented a very fine hand painting of the British Legion and the Union Jack to the local Legion. The picture was painted by his sister at Hankow. It is a splendid painting and is much prized by officers and members of the Legion. The picture occupies a prominent place in the Legion Club Rooms.

The social committee of the local Legion has made arrangements to hold a Burns' concert in their club rooms on Saturday evening, Jan. 24 commencing at 8 o'clock. A good program is being arranged and an enjoyable evening is assured.

Planes Welcome Heroes of the Air

First Canadian to cross the Atlantic in a heavier-than-air machine, Captain J. R. Boyd, and his American navigator, Lieut. Harry E. Gossard, had a royal reception by land and air when they arrived in Medicine Hat on their way to the Canadian Pacific. Their historic flight commenced September 1st from Montreal, Quebec, and they landed the same day at Charlottetown, P.E.I. Thereafter contrary weather delayed the advance but eventually they took off from Harbor Grace, Newfoundland, October 3 and 24 hours later reached Sydney, one of the Scotia Isles. They were in London 12 to their short address over the radio.

BACKED BY THE WHOLE DOMINION

Closer Union, Not Secession

In times of depression, unemployment, hard times, national disaster, there is always a tendency on the part of suffering people to demand a revolutionary change in prevailing conditions, and this demand not infrequently takes the form of an agitation merely for a change of government, but in the form of a demand for a new order of things. It is not green, much greener than those close at hand, and far greener than is actually the case. Thus in monarchies the cry is raised in favor of a republic; in republics an agitation starts to supersede the democratic form of responsible government by a form of state socialism; in socialist republics the demand is for the establishment of an out-and-out communist state.

Because Canada, in common with other countries, is suffering from the existing period of world-wide depression, unemployment, and inability to profitably market its surplus products, the cry of secession is raised. A Provincial Prime Minister, Mr. Hume, of New Brunswick, was the first to give voice to the idea at this time, thus reviving an old cry in the Maritimes. He did not openly advocate the secession of his Province from Confederation, but in view of the continual loss by the Maritimes of industries and financial institutions through their removal to the central provinces of Quebec and Ontario, he asked the question whether New Brunswick would not be better off if it withdrew from Confederation.

In Western Canada the same idea has been raised at meetings of farmers who, apparently, are not satisfied with the economic relationship existing between the east and west, and are not in such of the fiscal policy which finds favor and strong support in the industrial centers of Ontario and Quebec. They, therefore, advocate the secession of the West from Confederation and the setting up of a new and separate British Dominion which would complete freedom in the matter of the matter of fiscal policy. In a word, they hold that a fiscal policy which may be advantageous to the central industrial provinces is not in the interests of the agricultural western provinces, and that inasmuch as it is impossible to have two fiscal policies, one for the east and one for the west, the only way to be to separate politically and build up two British Dominions instead of one in the North American continent.

Such radical ideas do not flourish when times are good and people prosperous. It is only when people are discouraged and suffering loss, and conditions look dark and desperate, that such suggestions are advanced and receive more or less consideration.

But secession is not the path which the people of any part of Canada should follow. The Dominion has passed through many grave crises. It has weathered many a storm. It has grown stronger as a result. In its very unity is to be found strength, not only for the whole but for each provincial unit. Lined together all the provinces are stronger financially, and in every way, than they could possibly be if divided and separate.

The genius of the Canadian people can surmount the existing difficulties. It may require patience and fortitude; it certainly will demand a large degree of patriotism and unselfishness. There will have to be less insistence on the part of any one section of the Dominion that their views alone must prevail. There must be more widespread acceptance of the fact that the economic position of east and west is radically and fundamentally different, that while they are so complementary as to be mutually beneficial, prosper and survive if one alone is to dominate and seek to control. Insistence on any such blind and selfish programme must end in disaster.

But Canada is yet a long way from the impasse to which only way out is secession of either the Maritimes on the one hand, or the Western provinces on the other hand. Central Canada cannot prosper without the business which the east and west supply. The west cannot prosper so much as it is the western provinces that are suffering most acutely today, and are least benefited by the fiscal policies which the east views. It is not a matter of the east or the west, but of the whole of Canada, which while giving neither east nor west all that they desire, will nevertheless, workable hardship nor injustice to any part, but will give to one and all a fair-handed deal and equality of opportunity with their own resources and businesses along legitimate lines.

We have differences in outlook, different problems, different ideas as to policy for the solution of those problems, but we are inherently one people, with a common past and a common future. Our greatest gain and our permanent property lies in strengthening, not weakening our union.

New Air Equipment

Oxygen Breathing Apparatus Permits Flying At Great Heights

Full oxygen breathing apparatus and oxygen equipment flying are features of the Gloster Gannet, a British all metal single-engine fighter designed for flying at great heights. The aeroplane is fitted with the "Jaguar" air-cooled radial motor. At 14,000 feet above the ground, the Gannet moves at 181 miles an hour at 20,000 feet the speed is 172 miles an hour. The engine is fitted with full load on board to a height of 20,000 feet in 1915 seconds, and the service ceiling is 27,000 feet.

King Frost

King Frost is not an unexpected party. For frost hits late in the season. Minard's—it kills the pain—eases the injured tissue.

W. N. T. 1966

Failed To Produce Rain

Aviators In China Seek To Generate Precipitation By Attacking Storm Clouds

During a recent drought which plagued the water famine in Hong Kong, China, skilled aviators sought to generate precipitation by attacking clouds with a water cannon, a method called "cloud seeding." This material is supposed to induce refrigerating action on the clouds, causing condensation and eventual rainfall. When put to the test, however, the device failed to produce rain. The aviators showed the clouds directly above Hong Kong with more than 100 pounds of the chemical, but not a drop of rain resulted from this scientific attack.

Bird-Banding Records

The Canadian official records of bird-banding records, through which the migration of birds are traced and recorded, are kept in the National Parks of Canada Branch, Department of the Interior, Ottawa.

Mother: "I don't like to shout at you, Harold."
Little Harold: "And I can't shout at I like it either, Mummy."

Prizes Go To Alberta

Take First Honors In Pig Club and Calf Club Competition At Winter Fair

Alberta is well satisfied with the result of the judging at the Royal Winter Fair, according to H. A. Craig, deputy minister of agriculture. In the pig club team for the second time the young province has carried off first place, the team this year being made up of William Schmidt and Robert Wylie, both of Vegreville, Saskatchewan. Second and third place in the calf club competition the Alberta team of Borden and Vernon. McGee of Camrose led all other provinces with Quebec second and Ontario third. First place in winter wheat went to S. Alsop of Winnipeg, in the Peace River district. The showing made in spring wheat was not quite so good, Alberta carrying off fourth, second and 14th place in a large and keenly contested class.

Automatic 'Phone For Blind

Disc Is Fitted With Numbers and Letters in Braille

No sooner have people become accustomed to the automatic telephone, than a new thing has come along. It is a telephone for the blind. The numbers and figures they find on the dial are raised numbers, than another invention comes in sight. This is the automatic telephone. It is a telephone which the Paris Post Office has designed. Over the ordinary disc is placed a disc with Braille letters in Braille. The blind person can easily slip it over the disc, and then is able to find letters and numbers with as much ease as those who are best with sight can.

Overwork or Worry

Taxes the Health Of Thousands Of Young Girls

In the "teen-and-twenties" when school or office work is exacting and outside activities use up so much energy, many young girls find their health and spirit their happiness for years. At such a time Dr. Williams' Pink Pills for Pale People are of great help. They purify and enrich the blood; they give the nerves a tonic; they run-down conditions. Concerning them Margaret Torrey, Indian Road, Fort St. John, Alaska, writes: "I am a leading high school I suffered a complete breakdown. My heart would palpitate at the least exertion; I could never sleep and my appetite failed. With me, I began taking Dr. Williams' Pink Pills and my health was regained in weight and energy. Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a bottle. Write for your free literature to Dr. Williams, Medicine Co., Brockville, Ont."

Africa Taking the Lead

Women Have Been Appointed As Members Of Church Synod

A remarkable thing has happened in the Church in Uganda. It has been decided that 12 African women shall have places at all future synods. England has grown used to the idea of a woman Cabinet Minister, and England has not started to elect women to women on an ecclesiastical council in Africa; but Africa itself is starting. In the long years the African woman has been regarded as little better than a beast of burden. In some parts of the world a woman may not even eat in her husband's presence. But now African women are to be members of the synod, along with three kings and great chiefs.

To Atlanta Suffers, Dr. J. D. Kolligs's Atlanta Remedy comes with a helping hand to a sinking swimmer. It gives new life and vigor to the one who has come to believe in the question—"Is it too late to start?" you suffer from asthma get this remedy and find help like thousands of others.

Win Highest Honors

British Columbia Apples Secure High Honors at World Show

High honors in the Imperial Fruit Show in London, England, have been won by British Columbia apples, awarded by the Association of Growers of the Okanagan Valley in competition with fruit from all over Canada, received by the Department of Agriculture in Victoria. The B.C. fruit has been the subject of the Imperial Fruit Agents-General of all the Canadian provinces in London, for the first all-around exhibit. The trophy was won by Nova Scotia last year, the award being based on the total marks received by all classes of fruit, shown by any exhibitor.

For the first time in history China is being made many self-sufficient from Japan.

Of two evils most people choose both as samples.

Babies Colds

Checked without "Dosing" Applied externally, Vicks Vapo-Rub relieves without upsetting delicate stomachs.

Progress Of Mankind

Human Element Has Always To Be Reckoned With In World Affairs

Mr. Gladstone's statement of his belief that "it was absolutely impossible for mankind finally to go backward" would have received a reader of the Review from the last century rather than from the present. The Victorians were optimistic, they believed that, with popular education and suffrage and the electric telephone, they had set the feet of democracy on the right path, on which it would go straight forward to reach an early millennium. Well, it has not worked out quite like that, and one feels that Mr. Gladstone and John Stuart Mill (to say nothing of the others) have been spared a good deal of pain by not living until 1930.

Apart from that, there is a ring of fatality about Mr. MacDonald's statement that "it was absolutely impossible for mankind to go backward" (as he) "may not wish and irreversibly." And if the individual man has free will, why not the mass of men? Surely man is not a bullet fired by fate, but a man who can be reckoned with; and in him one can see the light of Browning's confidence.—London Observer.

Lord Willington's Successor

Earl Of Athlone Or Viscount Lascelles May Be Appointed

"Reliable reports reaching Ottawa from England indicate that either the Earl of Athlone, retiring governor-general of the Union, South Africa, or Viscount Lascelles, only retired, will be the next Governor-General of Canada. The Earl of Athlone is the brother of Her Majesty Queen Mary, the Viscount Lascelles is the husband of Princess Mary. The Earl of Athlone is the brother of Her Majesty Queen Mary, the Viscount Lascelles is the husband of Princess Mary. The Earl of Athlone is the brother of Her Majesty Queen Mary, the Viscount Lascelles is the husband of Princess Mary.

New Laying Record

Lepreux Piled In British Columbia 237 Eggs In 365 Days

A new world record of 237 eggs in 365 days was made by Lepreux piled number five in the test at Agassiz, B.C., under trap-nesting rules. The eggs averaged more than 28 ounces, the heaviest being 32 ounces. The stock of the University of British Columbia, and is owned by Mr. and Mrs. William of Port Kells, B.C. The success of the bird is attributed largely, by H. W. Hicks, superintendent of the Experimental Farms at Agassiz, to the bird's feeding with lots of milk and greens, in addition to the usual scratch grain and mash.

Persian Balm Tones and Stimulates

The skin. Fragrant as a flower, Cool, refreshing, dewy, and fragrant, and beautifies the most delicately-textured skin. Creates complexion of exquisite charm. Adds a healthy pinkish to the delicate woman. Invaluable for softening the hands and making them faintly white. Cool and refreshing. Pleasantly fragrant. Delightful to use. Chosen unhesitatingly by all women who care for feminine decoration.

Saskatchewan Fish

The first distribution of Loch Leven trout fry in the Cypress Hills waters in Saskatchewan was made in 1924. Additional distributions were made each succeeding year. In the 1929 angling season some of the trout which were caught weighed a maximum of six pounds and measured twenty inches in length and thirteen inches in girth.

Necessity Knows no Law

Many a young lawyer knows necessity. The British Empire now produces 87 per cent of the world's rubber.

Canadians Are Honored

The children of our race added their welcome to the demonstrations of friendship which have been given to the trade delegation of the Canadian Chambers of Commerce since its arrival in Tokyo, Japan. Twenty thousand guests gathered in a natural amphitheatre and sang "God Save the King" and "The Maple Leaf Forever." The scene was one of great beauty, and one of the most impressive events of the tour.

Switzerland expects bumper fruit crop this year.

Switzerland expects bumper fruit crop this year. Minard's Liniment for all Pains.

Civil Service Appointments

Appointments For Positions At Ottawa Must Be Made Through Civil Service Commission

Referring his determination to administer the department with "justice, economy and honesty," Hon. Arthur Meighen, postmaster-general, has issued a public statement dealing with dismissal of civil servants. It was not always understood, he said, that the civil service commission was paramount in all matters pertaining to public employees, their dismissals and their appointments. Ministers and the Crown were subordinated to the commission, as were ordinary members of parliament.

The statement then continued: "If a serious complaint, duly made under oath, be made against an employee of the post office department an enquiry shall be ordered and a decision reached in accordance with the evidence and the report made. If a member of parliament asks for the dismissal of a postmaster and if he assumes responsibility for such a move, the law requires that I grant such dismissal."

To join upon the members to exercise great prudence in such cases and to refrain from lightly subscribing to very serious responsibilities." The commission of requests for government jobs from persons scattered from the Atlantic to the Pacific were being received by cabinet ministers, the statement said. It was a fallacy and misapprehension for persons to apply in this fashion, it said, and the only proper channel was through the civil service commission. Even where a postmaster was dismissed, no one offered his successor was not named by the postmaster-general but by the commission.

The postmaster-general promised full compliance with the laws governing appointments and dismissals.

War Claims Are Settled

Secretary Of State Concludes Business With Germany and Austria

Satisfactory agreement with Germany and Austria for the settlement of war claims was reached today. The Secretary of State announced the conclusion of the settlement of war claims with Germany and Austria. The settlement was concluded by Hon. C. H. Cahan, secretary of state, who returned to Ottawa from London, England, and Vienna, Austria, on Monday. The settlement was concluded by Hon. C. H. Cahan, secretary of state, who returned to Ottawa from London, England, and Vienna, Austria, on Monday. The settlement was concluded by Hon. C. H. Cahan, secretary of state, who returned to Ottawa from London, England, and Vienna, Austria, on Monday.

Working On Telephone Line

British Columbia Starts Link Of Trans-Canada System

Construction of the British Columbia link of the first trans-Canada telephone system, a project which will mean the expenditure of \$1,250,000 in the province, has commenced. It is announced by the British Columbia Telephone Company.

British Columbia Starts Link Of Trans-Canada System

The British Columbia portion of the system involves the erection of some 125 miles of telephone line, which 155 miles has already been built.

Importance of the new line

from a Dominion standpoint is that at the present time, telephone calls from Vancouver to the United States have to be routed across the United States, via Seattle.

Anti-Fascists In Trouble

Several Arrests Made In Rome For Political Reasons

Seven arrests have been made during the past few days in Rome for political reasons. The arrests were made in connection with a number of chain letters denouncing the government. Bartolo Baldi, a spokesman of the old regime, was arrested and sent to "Confinio," meaning one of Italy's prison systems, a project which will mean the expenditure of \$1,250,000 in the province, has commenced. It is announced by the British Columbia Telephone Company.

A new record salmon pake

A new record salmon pake for British Columbia, is recorded this year, the fish—on October 31st—of 2,095.70 lbs. being 19.260 cases and set at the high record of 1926 and 83,746 cases above the 1929 pake.

Relieve Your Cold with Minard's Liniment

"I had to discharge my nurse for being so cold. I was told to use Minard's Liniment. 'What did I do?' 'She killed poor Fido for biting the baby.'"

Smothering and Fainting Spells

Everything Would Turn Black

Mr. Andrew Black, Harcourt, N.B., writes: "I had trouble with smothering and fainting spells and everything in front of me would turn black and I would be in a faint and be unconscious for several minutes. I did not know what was wrong. I was reading where Minard's Heart and Nerve Pills helped me. I decided I would give them a trial. I used four and found they help me wonderfully."

Price 50c a box

Minard's Liniment for all Pains. Minard's Liniment for all Pains.

WORLD HAPPENINGS
BRIEFLY TOLD

The ban on importation to Canada of live hares, parrots, parakeets and cockatoos has been renewed.

The alarming total of 302 Ota wans are suffering from mumps, of a mild nature, it was revealed by the health board.

On a 76-acre tract recently seized at Singapore, Straits Settlements has been found a large amount of high-grade seed for grain making.

Charles S. MacDonald, president and general manager of Confederation Life Association, has been elected a director of Barclay's Bank of Canada.

Lord Byng, commissioner of the Metropolitan police and formerly Canada's governor-general, denied he would resign as head of the police through ill health.

Scoring his initial victory in Canada, Lieut.-Col. L. G. M. Malinotti, of the Hungarian army, won the military touch-and-go match at the Royal Winter Fair horse show.

The British government, by way of a subsidy, will help the Royal Broadcasting Company in putting on the air 60 grand opera performances a year in England.

Captain Edward Symonds, the noted yachtsman who had charge of "Shamrock II," "Shamrock IV" and "Westward," died recently at Brighton, England.

Trade and commerce between nations should be carried on in the same way as business between individuals, the opinion of Hon. T. D. Pattullo, leader of the opposition in the British Columbia legislature.

The text of the Consumers Council bill to be introduced in the British parliament reveals that the proposed body will be empowered to investigate and report on the prices of goods, and to make orders for the regulation of prices of goods, and to make orders for the regulation of prices of goods.

New Map Of Canada

Gives Comprehensive Idea Of Location Of Outstanding Resources

A new map of Canada in colors on a scale of one hundred miles to the inch, that indicates the location of its resources, main railways, forests and agricultural areas, has been issued by the National Development Bureau, Department of the Interior at Ottawa.

The map affords a comprehensive idea of the location of Canada's resources: water power, developed and undeveloped, fisheries, various types of farming, and other outstanding resources. It is of such convenient size as to be suitable for ready reference, and should prove of value to educationalists, business men, and, in fact, to all those who are connected with, or interested in the development of Canada's resources.

Copies of the map may be obtained free of charge by adults from the aforementioned bureau.

Another Scientific Fact

Hair Transplanted To Watch Crystal

British scientists have succeeded in growing hair on a watch crystal. This has been accomplished at the Leeds headquarters of the Wood Institute Research Association. A woman scientist takes tiny grains of a guinea-pig's skin, transplants them to the surface of an inverted watch crystal and feeds them with blood plasma and a special extract to nourish the roots. The hair keeps on growing, and in many cases has doubled and in some instances trebled its length. The experiment is one of a long series that the association has been conducting to find out why hair and wool grow, and how it can be made to grow faster and thicker.

"Ball up a few potato peelings with a little water for a few minutes in a new frying pan. Food cooked in it will not stick."

Chief: "Do you know what time work starts here?"

Clerk: "No, when I arrive the others are always at work."—Hummel, Hamburg.

W. N. U. 1866

Will Award Scholarship

Every Province In Canada Represented In Boys' and Girls' Grain Judging Competitions

Scholarships valued from \$300 up to \$700, were decided upon as prizes to the five students standing highest in the junior grain judging competition to be held in connection with the World's Grain Exhibition and Conference at Regina in 1922 at a meeting of the boys' and girls' judging competition committee held under the chairmanship of C. M. Hamilton, at Toronto.

Originally it was intended to offer a trophy valued at \$2,000 to the team entered in the inter-college section of these competitions securing highest standing. While it is still proposed to offer a trophy in this section, it is intended to offer as awards to students securing highest placings scholarships for post-graduate work in the value of \$300, \$400, \$500, \$600, and \$700.

Every province of Canada is now represented on this boys' and girls' grain judging competition committee. At the meeting in Toronto, the personnel of the committee was enlarged to include the deputy minister of each province in addition to the official who in each province has charge of boys' and girls' club work or extension department.

Hedging As a Business Practice

Short Selling Of Grain Merely An Act Of Business Judgment

The Ocar Bulletin of the National City Bank of New York gives a clear-cut explanation of hedging operations. The article reads, in part:—

"Recently a considerable amount of speculation has been created by reports that the Russian authorities had been selling short on the Chicago market, aggregating something over 7,000,000 bushels are said to have been traded. Everybody seems to have forgotten that only a few weeks ago it was as were made that the Canadians were selling short on the Chicago market. The truth about it is that Chicago is the greatest hedging market for wheat in the world. Traders, dealers, millers of all countries use it to hedge their regular business transactions because it leads in volume of trade."

"It has been said, as conclusive evidence of irregularity in the Russian transactions, that it would be wholly impracticable to deliver Russian wheat in Chicago. Hedging operations on the Chicago market seldom contemplate the delivery of Russian wheat in Chicago, but are usually covered by local purchases. A miller who has bought wheat for export to ship wheat to Chicago, he is protected in the manufacture of flour by the fact that if wheat declines in the meantime he will not have to pay for the short sale to enable him to write down the cost of the flour and so on."

"The miller who has bought wheat for export to ship wheat to Chicago, he is protected in the manufacture of flour by the fact that if wheat declines in the meantime he will not have to pay for the short sale to enable him to write down the cost of the flour and so on."

"The miller who has bought wheat for export to ship wheat to Chicago, he is protected in the manufacture of flour by the fact that if wheat declines in the meantime he will not have to pay for the short sale to enable him to write down the cost of the flour and so on."

Canada's Export Of
Cattle To Europe

Over Four Thousand Head Shipped In Three Month Period

According to figures which have reached the markets branch of the Saskatchewan Department of Agriculture, 4,347 cattle have been shipped from Canada to Europe in the period between August 21 and November 12.

Of this number, the following are the shipments by province:

Ontario	2,180
Alberta	1,860
Saskatchewan	168
Quebec	67
Manitoba	65

In so far as the Saskatchewan exports are concerned, W. Waldron, co-operative and markets expert, pointed out that these figures would represent direct shipments. Many Saskatchewan cattle suitable for export, during the summer months, find their way to the eastern provinces, and undoubtedly the number shown as having been shipped from Ontario includes many animals that were shipped to Saskatchewan, he said.

Continuing, Mr. Waldron said: "The destination of the cattle is interesting as the majority have been shipped to Manchester, England, some of them being the direct purchase of the co-operative Wholesale Society. The shipments are probably influenced also by the fact that two of the cattle of the Manchester society are specially equipped for the cattle trade."

One shipment was sent to Antwerp, Belgium, others to Glasgow, Avonmouth and Birkenhead.

Respecting the Birkenhead port, Mr. Waldron explained that loading charges had been cut from three shillings to two shillings per head, and according to information contained in a despatch from the Hon. H. H. Stevens, Ottawa, Minister of Trade and Commerce, the port of Birkenhead has maintained, unimpaired, its facilities for dealing with large numbers of live animals and marketing them, following this reduction.

The first steamer to carry apples direct from Annapolis Royal, Nova Scotia, to London, was the "Nephtun," which sailed on April 2, 1881. The shipment consisted of 6,800 barrels, and arrived in London in 14 days. This venture was fairly successful, and from that time the business has continued to increase in volume.

Guardians Of
The Pacific

Japanese Statement Says British Commonwealth, United States, and Japan Must Co-Operate

As the "chief guardians" of the Pacific, the British Commonwealth, the United States and Japan must co-operate, declared Prince Tokugawa, eminent Japanese statesman, speaking before the Canadian Club at Toronto, last night.

"Certainly it is not for any other Pacific country," he proceeded, "but it can not be denied that the three nations I have mentioned are in reality the chief guardians of that region. It is pleasant to think that the nations whose co-operation at the recent conference in London, England, brought about the result which it did."

"I have never been so strongly impressed with the fact," he said, "that all the nations of the civilized world are dependent on one another, and that no country in the world can do anything without affecting the interest of the other countries."

"I have never been so strongly impressed with the fact," he said, "that all the nations of the civilized world are dependent on one another, and that no country in the world can do anything without affecting the interest of the other countries."

Interesting Local Items

St. Ambrose Sr. W. A. held their annual meeting on Wednesday, Jan. 7th, at 3 p.m. Reports from the various officers were most encouraging. The following officers were elected. Pres., Mrs. K. Johnson, Vice Pres., Mrs. W. Champ; Sec. Treas., Mrs. Z. D. Ellis; Jr. Sec., Mrs. Tanner; Little Helpers, Mrs. H. Johnson; Living Message, Mrs. Rose; Sick Visitors, Mrs. H. Johnson and Mrs. G. Davies.

When a film company leaves Hollywood and tries to photograph sequences in a great and beautiful city, it will run into a multitude of new and sometimes humorous difficulties. Such was the experience of the company from the Samuel Goldwyn studios that recently spent two weeks in New York trying to get authentic atmosphere shots for the picture, "This Is Heaven". The United Artists picture coming to the Cameo Theatre next week, which deals with experiences of an immigrant girl who is in New York for the first time.

Have Your Name Taken Off The Prohibition Petition

What reasons were given when you were asked to sign the Prohibition Petition?

Many who have signed now regret doing so. They have changed their minds. The facts are different to those given.

Misrepresentation of purpose has been practiced in many parts of the province and the truth puts a different light on things.

You Can Have Your Name Struck Off The Petition If You Like

Write to
**W. W. Howe, Secretary,
Moderation League of Alberta, Inc.
10012, 101A Avenue, Edmonton.**

and your request to have your name withdrawn will be taken care of through the proper channels. Do this Now.

Do Not Sign the Petition
